TO WHOM IT MAY CONCERN

This is to confirm that Kelsey (Kel) Nathan has been known to me for over 4 years and that he is a most impressive and ambitious young man and is stamped with a great deal of integrity. I've been impressed with Kel's professionalism and approach to all tasks that he has been applied to. Kel delivers always as required on time and always with a great deal of polish.

From the outset I was aware that Kel was not only a technical and computer wiz but also Kel had a great deal of multi-media savvy. Earlier this year after witnessing a number of web-sites that Kel designed I had no hesitation in considering Kel as the web designer of our newly incorporated Hornsby Ku-Ring-Gai Women's Shelter Inc. Kel delivered a most impressive design that is readily accessed by web browsers and interestingly a number of people have commented on how wonderful our web-site is. I am proud to say that Kel Nathan was the designer.

I wish Kel 'all the best' in his all future ventures and firmly believe that Kel will always deliver a quality product to all clients that engage his services. I can highly recommend Kel for his honorable and professional attitude is exemplary and furthermore I'm happy to personally communicate this to any prospective client. My contact number is 0407044422.

Yours Sincerely,
